DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

1) The interlineations or cancellations made in the specification or amendments to the claims could lead to confusion and mistake during the issue and printing processes.

Accordingly, the portion of the specification or claims as identified below is required to be rewritten before passing the case to issue. See 37 CFR 1.125 and MPEP § 608.01(q).

The claims in the instant application were extensively amended during prosecution. To ensure proper printing of the instant application a replacement set of the claims presented according to 37 CFR 1.121(c) is required.

2) New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because Figure 2 contains crossed identifiers and handmade corrections. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
